PROFESSIONAL SUMMARY

Recent graduate with a Bachelor's degree in Information Technology (IT) majoring in Computer Networks. Experienced in analyzing, designing, and developing network architectures and protocols. Possesses a high degree of technical proficiency in network security, routing, switching, and troubleshooting. Highly organized and detail-oriented with strong communication and problem-solving skills. Self-motivated and dedicated to continuously staying up-to-date with the latest industry trends and technologies. I am seeking an opportunity to join a graduate trainee program in the field of ICT.

SKILLS

- Computer Networking and Security Administration
- Network Troubleshooting and Diagnostics
- Wireless Local Area Network (WLAN) Fault Analysis
- Switching Optimization and Configuration
- Software Development, with Specialization in Web Application Development
- Technical Problem Resolution
- Team Coordination and Collaboration

EXPERIENCE

Information Technology Support Intern, Pan Africa Christian University

January 2021-April 2021

Responsibilities

- Provide technical expertise in troubleshooting and resolving network faults, computer hardware and software issues, and other technical problems for the institution's computer network infrastructure.

- Maintain and administer the wireless local area network (WLAN), ensuring uninterrupted access and optimal performance.
- Monitor network performance and take proactive measures to ensure system availability and reliability.
- Provide IT support and assistance to students and staff on a variety of technical topics, such as software installation, hardware setup, and basic troubleshooting.
